Frontend: React.js, Next.js, React Native & Expo, Tailwind CSS, shadcn/ui, HTML, CSS, Zustand, DaisyUI

Backend: Node.js, Express.js, RESTful APIs

Database: MongoDB, PostgreSQL, MySQL,

ORM/ODM: Prisma, Mongoose

Tools / Other: Git, GitHub, Postman, Visual Studio Code, Vercel, Figma

Experience

Full-Stack Developer Intern | PT. DumbWays Indonesia Teknologi

Aug 2026 – Sep 2026

- Developed a digital barbershop management application to simplify data management and improve operational efficiency.
- Analyzed barbershop business processes to identify operational needs and translate them into application features.
- Developed frontend and backend features using TypeScript, React, React Native & Expo, Next.js, Node.js, Prisma, PostgreSQL, and Express.js.
- Worked with databases and APIs to support application functionality and data management.
- Iterated on the application based on feedback from peers, mentors, and company leadership.

Software Engineer Intern | PT Basicteknologi Intersolusi Tersinergi

Dec 2024 – May 2025

- Analyzed existing applications to identify potential improvements and understand user and business needs.
- Participated in the analysis of a Customer Relationship Management (CRM) system, including workflows and application processes.
- Reviewed project stages and workflows to identify potential shortcomings and improvement opportunities.
- Collaborated with mentors and team members to gather feedback and strengthen software development and problem-solving skills.

Education – Formal

SMK Bakti Nusantara 666

Software Engineering (Rekayasa Perangkat Lunak) | Jul 2022 – May 2025

- Studied programming fundamentals, web development, databases, and software development through academic projects and hands-on learning.

Education – Non Formal

PT DumbWays Indonesia Teknologi

Full-Stack Development Program | Jun 2026 – Sep 2026 | Grade: 95/100

- Completed a hands-on full-stack development program focused on practical applications and real-world case studies.
- Strengthened skills in JavaScript, TypeScript, React, Node.js, Express.js, MongoDB, and backend development.

Projects

Barberz — Barbershop Management System

Tech Stack: Next.js, React, React Native & Expo, TypeScript, Node.js, Express.js, PostgreSQL, Tailwind CSS, NativeWind, DaisyUI

- Developed a full-stack barbershop management ecosystem covering admin operations, customer-facing services, and booking workflows.
- Built responsive web interfaces and backend services for managing customers, services, orders, payments, and operational data.
- GitHub: <https://github.com/rickGum/NextJs-project-5-customer-view>

RickGram — Social Media Web & Mobile Application

Tech Stack: React, TypeScript, JavaScript, Express.js, PostgreSQL, Tailwind CSS, DaisyUI, React Native & Expo

- Developed a social media application for sharing content and interacting with other users across web and mobile platforms.
- Built responsive interfaces and integrated backend services and database functionality for application data.

- GitHub: <https://github.com/wirap116206-code/FE-medsos-app>

Resume — CV Builder Web App

Tech Stack: React, JavaScript, Tailwind CSS, MongoDB, Mongoose, PrebuiltUI

- Developed a responsive resume builder web application for creating and presenting professional backgrounds, technical skills, and software development projects.
 - Designed a clean and user-friendly interface using React and Tailwind CSS to provide a smooth resume-building experience.
- Integrated MongoDB and Mongoose to manage and store resume-related data, including professional summaries and other profile information.
- GitHub: <https://github.com/wirap116206-code/resume-app>

Leadership Activity

Head of Division 5 — Student Council (OSIS)

SMK Bakti Nusantara 666

- Led and coordinated activities focused on democracy, human rights, social awareness, and tolerance.
- Collaborated with student council members in organizing school programs while developing leadership, communication, teamwork, and organizational skills.
